

# REPORTING SHOULDN'T SLOW YOU DOWN.

Solver helps Irish finance teams spend less time chasing numbers and more time using them.

## WHY CHOOSE SOLVER IRELAND?

### Finance-Led, Not Tech-Led:

Built by finance professionals, not generic consultants

### Built Around You:

Every implementation is tailored, from layout to logic

### Excel-Familiar, Enterprise-

**Ready:** Scalable power with no steep learning curve

### Local Support, Global

**Platform:** We're Irish-based and globally backed

### Reliable, Ongoing Support:

We don't disappear after go-live

### WITHOUT SOLVER

Consolidation takes days and still gets questioned

Every change means chasing down templates and rechecking formulas

You're stuck between Excel's limitations and software that doesn't fit

Reporting always feels a step behind where the business actually is

### WITH SOLVER

Reports are ready when you are, and trusted when they land

One source of truth that updates in real time across entities

Solver meets you where you are and scales with your business.

Planning, forecasting, and reporting finally move together
